

**BRIEF - FACT – CLEAR: EXPRESSION ON PANDEMY SITUATION – WAF national – Czech Rep.  
THE CROSS – SIGN OF CHRISTIAN = VERTICAL AND HORIZONTAL**

---

**HORIZONTAL = NATURAL**

We respect and maintain all government and crisis management guidelines and regulations to prevent the spreading of a pandemic, although for obvious reasons (the status of coronavirus spread and its clinical nature is not clear yet) - some guidelines and regulations seem to cause chaotic.

**VERTICAL = SUPERNATURAL**

The vast majority of educated people know that there is supernatural power and energy - GOD.

This is despite the fact that satan confuses in all ways and defends in this way the clear cognition of the true personal God through His Revelation in Jesus Christ.

Europe and our country through the missionaries - Saints Cyril and Methodius have accepted this knowledge and, despite all sins, divisions and weaknesses, have become Christian.

From the Revelation of God we know that the law of God is always valid and unchangeable, valid in both - the Old and New Testament, and that is - 10 Commandments. These 10 laws of God in relation to man form vertical: Love God and horizontal: Love man.

In the world, both direct and indirect resistance to the law of God - the 10 Commandments - continues to grow. This resistance brings sin = evil, which, like good, has a social character, accumulates and then causes various forms of evil as a result. Either local for example in earthquakes, floods, fires, etc., so continental or worldwide, such as wars, plague, epidemic, pandemic and now PANDEMIC OF CORONAVIRUS.

Hence, as the national president of WAF Czech rep. – movement with center in Fatima – I ASK EVERYONE WHO IS, APART FROM RESPONSIBLE ACTION IN THE NATURAL – ABLE TO CREATE VALUES OF GOOD AND RECONCILIATION IN THE VERTICAL OF SUPERNATURAL. (PRAYER – ROSARY, etc.)

And anyone who is unable to do so, please think about the possibility (at least to admit this idea) whether direct, but also indirect resistance to the Law of God - the 10 Commandments (especially indifference) - could not affect this form of evil - a global pandemic, but also to other forms that will surely follow.

Specifically: 1. Know and believe - have a positive relationship to God. 2. Not to spread the horrific contagion by taking the name of God: Jesus - Mary - as an interjection in society or in common way. 3. Remember Sunday - especially baptised. 4. Keeping the family - father, mother, child. 5. Not to kill, to deprive yourself, of anyone else - from conception to natural death, and not to hurt anyone - yourself - other humans or animals. 6. You will not fornicate = do not abuse the sexual instinct to spread evil. Not only with children (pedophilia) but also with adults, according to the very basic norm: Any intercourse outside the sacramental = valid marriage is a serious sin. Thus, premarital sex life of men and women by young people. Of course, the sexual intercourse of a man with a man and a woman with a woman, sexual intercourse with animals and other forms of mass sex. 7. Not to procure any property or benefit in a dishonest way. 8. Communicating the truth - that is, the right knowledge - not to lie. 9. and 10. Family and property relations.

Accept this clear position in your heart and offer a suitably the other "as a protective mask" against the already uncontrolled spread of evil.

In respect of everyone's freedom, which is also respected by the legislator - God himself  
thank you and I bless you
